Risk Assessment and Management 2025/26

Version number	1	Minute reference	
Adopted by	Full Council	Review due	AMPC May 2026
Date adopted			

Introduction to Risk Assessment and Management

The failure to manage risks effectively can be expensive in financial terms and also in terms of service delivery. It is important therefore that Councils have in place a system to help them assess and manage risks. Ultimately risk management is the responsibility of Members because risks threaten a council's ability to achieve its objectives.

Assessment and Management of risk is one of the mandatory areas addressed on Internal Audits. The Risk Assessment system and associated Risk Register will be used by Internal Auditors to assess whether the Council takes seriously its possible exposure to risk and has put in place actions to limit the consequences of potential risks.

For smaller parishes, this system will be relatively simple. It can essentially be broken down into the following 3 main steps:

- Identifying the key risks facing the council
- Evaluating the potential of one of these risks occurring
- Managing the risk: agreeing measures to avoid, reduce or control the risk or its consequence.

Risk Identification

Risks can be divided into a number of categories and the following have been used here:

- Physical assets – buildings, equipment, IT hardware etc.
- Finance – banking, loss of income, petty cash etc.
- Injury to the public and/or staff – in halls, playgrounds and recreation grounds, etc
- Complying with legal requirements – agendas and minutes, records, etc
- Councillor propriety – declarations of interest, gifts and hospitality etc

Risk Evaluation

Risk Evaluation is essentially a 2-part exercise, answering the questions:

- What is the chance of the risk occurring?
- What is the likely impact if it does occur?

In smaller Parish Councils it is only necessary to classify the answers to each of these questions as Low, Medium or High

Risk Management

There are three main ways of managing risks:

- Manage the risk yourself
- Take out insurance to cover the risk
- Agree with another party that they will manage the risk on your behalf; this may include rewarding them for so doing

Risk Register

Identified risks are documented in a Risk Register.

It should be noted that Risk Assessment and Management is not a one-off exercise; risks should be constantly kept under review, especially as the business of the Council changes and new projects are undertaken.

Risk Assessment Matrix

Identified risks are assessed using the following matrix.

Likelihood	Highly Likely (3)	Medium (3)	High (6)	High (9)
	Possible (2)	Low (2)	Medium (4)	High (6)
	Unlikely (1)	Low (1)	Low (2)	Medium (3)
		Negligible (1)	Moderate (2)	Severe (3)

Agenda Item 23: To consider appointing an internal auditor for the 2024/25 financial year and set the scope of audit

The scope of audit is defined by the Practitioners' Guide 2025:

AGAR certificate reference	Internal Audit action for expected controls
<p>A. Appropriate accounting records have been properly kept throughout the year. AND I. Periodic bank account reconciliations were properly carried out during the year.</p>	<ul style="list-style-type: none"> • Ensure the correct roll forward of the prior year cashbook balances to the new financial year. • Check a sample of financial transactions in cashbooks to bank statements, etc: the sample size dependent on the size of the authority and nature of accounting records maintained. • Ensure that bank reconciliations are prepared routinely, are subject to independent scrutiny and sign-off by members. • Verify the accuracy of the year-end bank reconciliation detail and ensure accurate disclosure of the combined cash and bank balances in the AGAR, section 2, line 8. • Where the authority has bank balances in excess of £100,000 it has an appropriate investment strategy.
<p>B. This authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved and VAT appropriately accounted for.</p>	<ul style="list-style-type: none"> • Review the procedures in place for acquisition of formal tenders and quotes, ensuring they are in line with the SOs and FRs which should be based on the latest version. • Ensure that consistent values are in place for the acquisition of formal tenders between SOs and FRs (frequently different limits are recorded in the two documents). • Review the procedures for receipt of invoices, agreement of invoice detail and confirmation of goods/services delivery and approval for payment; ideally, a suitably designed certification stamp should be in place providing for evidencing of these checks and payment authorisation. • Check that there is effective segregation between the writing of cheques or the setting up of online payments, and physical release of payments. • Check that VAT reclaims are prepared and submitted in a timely manner in line with the underlying records and in accordance with current HMRC requirements. • Where debit / credit cards are in use, establish the total monthly and individual transaction limits and ensure appropriate controls over physical security and usage of the cards are in place.
<p>C. This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.</p>	<ul style="list-style-type: none"> • Ensure that authorities have prepared and formally adopted, at least once annually, an appropriate and comprehensive register of assessed risks, both regular and ad hoc. • Ensure that appropriate levels of insurance cover are in place for land, buildings, public, employers' and hirers' (where applicable) liability, fidelity/ employees

	<p>(including members) liability, business interruption and cyber security.</p> <ul style="list-style-type: none"> • Ensure that appropriate arrangements are in place for monitoring play areas, open spaces and sports pitches; such reviews should be undertaken by appropriately qualified external inspectors or, if by officers or members, that they have received the appropriate training and accreditation. • Review the effectiveness of internal control carried out by the authority.
<p>D. The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.</p>	<ul style="list-style-type: none"> • Ensure that the full Authority, not a committee, has considered, approved and adopted the annual precept for the coming year in accordance with the required parent Authority timetable • Ensure that current year budget reports are prepared and submitted to the Authority/ Committees periodically during the year with appropriate commentary on any significant variances. • Review the budget performance either during the year or at the financial year-end seeking explanations for any significant or unanticipated variances. • Ensure that the Authority has considered the establishment of specific earmarked reserves and, ideally, reviews them annually as part of the budget assessment process. • Ensure that the precept received in the accounts matches the prior year submission form to the relevant authority and the public record of precepted amounts.
<p>E. Expected income was fully received based on correct prices, properly recorded and promptly banked; and VAT appropriately accounted for.</p>	<ul style="list-style-type: none"> • Review “Aged debtor” listings to ensure appropriate follow up action is in place. • Allotments: ensure that appropriate signed tenancy agreements exist, that an appropriate register of tenants is maintained, identifying that debtors are monitored. • Burials: ensure that a formal burial register is maintained, that it is up-to-date and that a sample of interments and memorials are appropriately evidenced, that fees have been charged at the correct approved rate and been recovered within a reasonable time: (Authorities should also acquire and retain copies of Burial / Cremation certificates) • Hall hire: ensure that an effective diary system for bookings is in place identifying the hirer, hire times and ideally cross-referenced to invoices raised. • Leases: ensure that leases are reviewed in a timely manner in accordance with the terms of the lease and rents similarly reviewed appropriately at the due time. • Other variable income streams: ensure that appropriate control procedures and documentation are in existence to provide a clear audit trail through to invoicing and recovery of all such income.

	<ul style="list-style-type: none"> Where amounts are receivable on set dates during the year, ensure that an appropriate control record is maintained duly identifying the date(s) on which income is due and actually received / banked.
F. Petty Cash payments were properly supported by receipts, all petty cash expenditure was approved and VAT appropriately accounted for	<ul style="list-style-type: none"> A number of authorities are now running down and closing their petty cash accounts and using debit / credit cards for ad hoc purchases. Consequently, a “Not covered” response is frequently required in this area. Review the systems in place for controlling any petty cash and also cash floats (used for bar, catering, etc). Check a sample of transactions during the financial year to ensure appropriate supporting documentation is held. Review the existence of evidenced periodic independent verification of the petty cash and any other cash floats held. Ensure that VAT is identified wherever incurred and appropriate. Physically check the petty cash and other cash floats held. Where bar or catering facilities are in place, ensure that appropriate cashing-up procedures are in place reconciling the physical cash takings to the till “Z” total readings.
G. Salaries to employees and allowances to members were paid in accordance with the authority’s approvals, and PAYE and NI requirements were properly applied.	<ul style="list-style-type: none"> Ensure that, for all staff, a formal employment contract is in place together with a confirmatory letter setting out any changes to the contract. Ensure that appropriate procedures are in place for the payment of members allowances and deduction of any tax liability. Ensure that, for a sample of staff salaries, gross pay due is calculated in accordance with the approved spinal point on the NJC scale or hourly rate, if off-scale, and also with the contracted hours. Ensure that appropriate tax codes are being applied to each employee. Where free or paid for software is used, ensure that it is up to date. For the test sample of employees, ensure that tax is calculated appropriately. Check the correct treatment of Pension contributions. For NI, ensure that the correct deduction and employer’s contributions are applied: NB. the employers allowance is not available to councils but may be used by other authorities Ensure that the correct employers’ pension percentage contribution is being applied. Ensure that for the test sample, the correct net pay is paid to the employee with tax, NI and pension contributions correctly paid to the respective agencies.

Agenda Item 24: To consider applying to relist The White Hart as a Community Asset

Under the Localism Act 2011, an asset of community value (ACV) is a building or land deemed to further the social well-being or interests of the local community. Local authorities maintain a list of such assets, which can be nominated by parish councils or community groups. If an asset is listed, its owner must notify the local authority before selling it, triggering a moratorium period that allows community groups time to prepare a bid. This process, known as the Community Right to Bid, does not compel the owner to sell to the community but provides an opportunity to safeguard valued local spaces.

The White Hart was designated as an ACV in 2021, with the listing set to **expire on 7th April 2026**. To maintain its status, the Parish Council must submit a new application before the expiry date. While an ACV can be relisted at any time, applying at least three months prior to expiry is advisable to allow for any missing information and the eight-week review period required by the ACV Listing Panel.

It is important to note that previous listings do not guarantee future approval. Each nomination is assessed on its own merits, with decisions based on the strength of supporting evidence. The nomination form and guidance are currently being updated, and the revised documents should be available on the website in the coming weeks.

The council should consider whether it wants to submit a new application to maintain The White Hart's status as an ACV.

For more information, please see the [Community Right to Bid](#) page on West Berkshire Council's website.
